*Office of the President*

Tuesday, August 21, 2007

Dear Bruce

I received your email today on the story on the “caribbeancricket.com” website. I am as distressed as you are both about the appearance of the story and its editorial slant.

I have been at pains to keep our communication on the matter to a minimum. Our official position has been that we have received your resignation and the Board will consider it. We had hoped to do so at a meeting tomorrow but with the disruption in flight schedules, we are now planning to have the meeting on Saturday, August 25<sup>th</sup>, 2007 in St. Lucia.

I understand your concern but, as you know, attempts to keep sensitive WICB information from the media have never succeeded. Leaks from the WICB were a fact of life in my days on the Board and continue today. I know that you tried to pinpoint the source of the leaks but without success. I will continue to try.

The one thing I can assure you is that as President of the WICB, I am not and will not be a party to the public disclosure of confidential matters and will not support such behaviour by the Board or Management of the organization. We have a Code of Ethics in place and I am committed to ensuring that all WICB staff and Directors adhere to it.

Sincerely,

(not signed when sent electronically)

Hon. Dr. Julian R. Hunte  
President
